Golf Course Update

For those members that have enjoyed the beautiful Fall weather we have had, you will have seen the tremendous progress made on the 2nd and 9th hole as part of our golf course improvement project.

The 2nd hole will become a beautiful Par 5 and likely compete for a signature hole in the eyes of many. The new green will feature a run up area where golfers can take advantage of the natural slope and chase their ball on to the putting surface from a variety of angles and distances. When the pin is on the right side of this tiered green, your moxie will be tested to challenge the bunkers and land safely on the higher part of this green.

We have carefully exposed the existing rock foundation from the original barn as a feature and homage to the history of our property, that will be seen while playing this hole and the 3rd.

Wednesday, October 2

Friday, October 4

Celebrate

Rachel Germansky - Front of House

Over the past two seasons Rachel has been an invaluable member of our team. Working full-time in the summer and as a casual employee during the off-season, she consistently demonstrates exceptional organization and a keen attention to detail. Rachel's experience and proactive mindset play a crucial role in ensuring our restaurant runs smoothly. Thanks for everything you do, Rachel!

Gary Merrall - Turf Maintenance

This is Gary's first year on the Turf Team, and he has truly made an impact! He consistently shows up on time and ready to work, bringing a wonderful sense of humour that fosters positive camaraderie among our team. Gary's passion for the Lora Bay team and its members shines through everything he does, and his enthusiasm for each day is contagious. Gary is already looking forward to the 2025 season.

Alex Brake - Golf Shop

Joining our team midseason, Alex has quickly become a valuable Lora Bay team member. Her positive attitude and cheerful smile brighten out workplace every day. Always eager to contribute more, she willingly takes on additional responsibilities. In addition to her role in the Golf Shop, Alex also supports the F&B team, showcasing her versatility.

Stephen Azzopardi - Back of House

Stephen has been working with us since the beginning of the season and has continually looked for ways to improve his skill set in the kitchen. Stephen works incredible well on his own in the morning and as a team player in the evening. Thank you for all the hard work.

If you would like to recognize exemplary service from one of our team members please reach out to their department manager by email.

Staff Gratuity Program

With some of our team members returning to school this month, members have been asking about the staff gratuity program that has been done in past years.

This program is completely voluntary and is in no way expected, but our team members do appreciate it.

Members may make a one time gratuity contribution to this program that is shared among all Lora Bay team members. Some you would've seen everyday you came to play and others that work behind the scenes making Lora Bay what it is.

100% of the contributions go to the staff and is shared relative to the amount of hours they worked during the season.

To make a contribution of your choosing, please visit the Golf Shop and the team can simply apply the charge to your member account.

Thank you to all who support our great team members at Lora Bay.

Club Storage

Members that store their golf clubs with us, we ask that you have them removed by Friday, October 25.

Our team will be on site until 5:00pm daily to help you load them up.

If you are heading south to play, this is also a perfect time to get new grips installed for the winter months!

Food & Beverage Minimum

Your September statements will show an updated food and beverage minimum balance at the bottom.

With the launch of our new Fall/Winter menu, we encourage all members to come and try the new dishes, especially those with some balance to “eat” up!

Walking On Course

Although our golf season is coming to an end, our golf course improvement project will continue as long as weather dictates.

When accessing the golf course property to walk, we ask that all walkers remain on the cart paths, keeping your pets leashed and cleaning up after them.

This is for your safety and that of our workers. Thank you.

Golf Simulator

The golf simulator, newly updated with a brand new software release and over 300 courses to pick from, is open for your off season golfing needs.

Our great instructors are ready to keep your swing progressing, assist with club fitting and recommendations.

Booking the simulator by the hour is [available now](#) and great packages for the winter will be rolled out soon.

For more information on the simulator and its' services, please visit a member of the Golf Shop team.
